DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John O'Banion on July 15, 2003.

The application has been amended as follows:

- A) In claim 1, line 12, before the word "vehicle", change the word "said" into --- a ----.
- B) In claim 9, line 11, before the word "vehicle", change the word "said" into --- a ---.
- C) In claim 12, line 12, before the word "vehicle", change the word "said" into --- a ---.
- D) In claim 19, line 22, before the word "vehicle", change the word "said" into --- a ---.
- E) In claim 23, line 12, after the phrase "deceleration of", change the word "said" into --- a ---.

2. The following is an examiner's statement of reasons for allowance: The prior art discloses an apparatus for controlling power at the output of the internal combustion engine coupled to a variable transmission having an electric motor coupled to the engine, a controller configured to operate the motor and the engine and applying a motor torque to the engine output. However, the prior art fails to show, in combination with the invention and in light of the specifications, that the system controller is configured to operate the motor and the engine simultaneously and applying motor torque to the engine in order to maintain engine power or torque output along a predetermined operating line and the system controller further configured to control the rate of change of ratio of the variable transmission and the system controller varies acceleration and deceleration of the vehicle by varying motor, motor/generator torque and rate of change of ratio of the variable transmission.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
